

Back University Gate

Situation:

People are passing by walk or by bikes , some are going to kinder garden.

Target Group:

Students, visitors, parents with kids, other members.

Setting:

Long open area surrounded by greenery, bike parking place, smoking zone.

Themes:

- Halting place
- Meeting point
- Mini information centre
- Display board(e.g. Bus timing and weather forecasting)

Back University Gate

This gate connects to Egg/University bus-stop and mainly to kindergarten. People some-times feel tired and uncomfortable with kids because of open long way. They have to talk with friends/ passing by people in standing position on the street.

Notes:

Mensa Open Way

Situation:

People are in a long queue for getting food or entering into Mensa.

Target Group:

Students, employees, visitors, family members.

Setting:

Open way to Mensa, people on stairs, display of menu, movement of people.

Themes:

- Interactive display
- Children corner
- Light music system
- Animation

Mensa Open Way

Mensa open way is a path to go to Mensa's food . People have to wait for their turn to get food, either on stairs or on floor. This waiting time becomes boring and exhausting.

Notes:
